SHARP

HT-SL77

MODEL OVERVIEW

The HT-SL77 sound bar system features a unique twin super slim sound bar design that is adjustable for 46”- 52” - 60”- 70” class TV home theater environments. This system can be set up both horizontally like a typical sound bar, or vertically on the side of the TV for a flexible design solution.

Immerse yourself in a room full of sound with this 2.1 channel super slim sound bar home theatre system with a wireless subwoofer. You will be amazed by the big sound that comes from this small, sleek sound bar thanks to its digital amplification system.
